

# THE PELCZNICA RIVER

## THE PELCZNICA RIVER

FLOWS THROUGH WALBRZYCH MAINLY  
UNDER THE STREETS, WHICH MAKES IT  
ONE OF THE MOST UNUSUAL RIVERS IN  
POLAND

THE MAP SHOWS THE RIVER'S SPRING  
NEAR THE PART OF WALBRZYCH  
CALLED GLINK STARY AND THE WAY IT  
RUNS THROUGH THE DISTRICTS OF  
WALBRZYCH  
INCLUDING THE CENTRE OF OUR TOWN

BROKEN LINE MARKS THIS PART OF THE  
RIVER WHICH RUNS UNDER THE  
STREETS

ON THE NEXT PAGE YOU CAN SEE SOME  
PICTURES TAKEN WHILE WE WERE  
TESTING THE WATER IN THE PELCZNICA  
RIVER IN MAY AND JUNE 2005
